RE: CAG/Sun Corridor Metropolitan Planning Organization (MPO) Human Services Transportation Coordination Plan (HSTCP) 2018 Update.

DATE: March 8, 2018

Summary

The purpose of the CAG/Sun Corridor MPO HSTCP is to identify the transportation needs of individuals with disabilities, older adults and people with low incomes, provide strategies from meeting these needs and prioritize transportation services for funding and implementation. In order for providers to be eligible for funding for the 2018 grant cycle, their requests must be included within the current update. CAG and the Sun Corridor MPO utilizes a process that includes representatives of public, private and nonprofit transportation and human service providers, elected officials and public participation to identify transit needs/service gaps and to establish priorities in order to make informative funding decisions for specialized transportation services.

Staff Recommendation

CAG staff recommends the Management Committee recommend approval to the Regional Council of the CAG/Sun Corridor Metropolitan Planning Organization (MPO) Human Services Transportation Coordination Plan (HSTCP) 2018 Update.

Proposed Motion

Move to recommend approval to the Regional Council of the CAG/Sun Corridor Metropolitan Planning Organization (MPO) Human Services Transportation Coordination Plan (HSTCP) 2018 Update.

Discussion:

CAG and the Sun Corridor MPO, under a Joint Planning Agreement, have come together and recognized that the transit environment is dynamic and dependent on stakeholder involvement. As a result, CAG and the Sun Corridor MPO reviews and updates the CAG/Sun Corridor MPO HSTCP annually in order to capture annual adjustments. The update includes updated demographic information as well as the status of new and existing transportation providers serving the transportation dependent and disadvantaged populations in the Region.

Alternatives

The Management Committee has the following alternatives to consider in their recommendation to the Regional Council:

- Recommend approval of the item as presented;
- Recommend changes and approval of the modified item;
- Deny approval and return the item to staff for additional changes or information.

Fiscal Impacts

The CAG/SCMPO Human Services Transportation Coordination Plan 2018 Update poses no direct Fiscal Impacts to CAG. The Plan is required for to be updated annually as part of the CAG Transportation Department's Annual Work Program with ADOT. Any agency who is listed within the update that is planning to apply for 5310 Transit funding will be responsible to budget for their Local Match as appropriate, pending a successfully awarded application for that given Fiscal Year.

RE: Financial Report
DATE: March 8, 2018

Summary

Based on the direction of Regional Council at their January meeting, we are proceeding with a process of reporting financial information that contains the following information on a monthly basis:

- Summary of Financial Activities
- Accounts Receivable List
- Check Register/COS Journal

A more detailed financial statement for each fund will be available at the request of any should any Regional Council member or Management Committee member including information on individual line items. Typically, we will include the financial reports in your packet on a quarterly basis.

Items paid by transfers (ACH), online, or debit card transaction will be reflected on the CDS Journal rather than showing as "manual check entries" on the check register as in the past.

For the current financial report, there are no remarkable comments from staff to the Management Committee. All funds are within expectations at this time of the year. Revenues are lower than expected due to the reimbursements from our grantors. Expenditures are in line with the budget.

Fiscal Impacts

The on-going tracking of the agency cash flow continues to a priority for the finance team.

CENTRAL ARIZONA GOVERNMENTS
Request for Management Committee Action

TO: Management Committee
THROUGH: Robert MacDonald, Executive Director
FROM: Alan Urban, Community Development Manager
ACTION: Formal Action/Motion
RE: CDBG Method of Distribution Formula for CAG
DATE: March 8, 2018

Summary

In the normal course of the administration of the Community Development Block Grant (CDBG) through the CAG, reauthorizations of the **Method of Distribution (MOD)** are required. The Arizona Department of Housing (ADOH) is the granting agency for the CDBG program and has set the reauthorization timing on a three-year cycle. The three-year cycle applies to all Councils of Governments (COGs) in Arizona.

The current **MOD** for use by CAG is recommended for approval without changes and is attached for your review. If changes are necessary within the upcoming three-year timeframe, CAG staff will provide these updates to the Management Committee and the Regional Council as well as the ADOH.

Staff Recommendation

CAG staff recommends the Management Committee recommend approval to the Regional Council of the CDBG Method of Distribution for CDBG funds within the region.

Proposed Motion

Move to recommend approval to the Regional Council of the CAG Method of Distribution for CDBG grant funds in the region.

Discussion:

ADOH determines the allocation of CDBG funds for the CAG region annually based on the final Federal Budget and our current MOD distributes an equal annual allocation to most members of CAG. The Tribal Communities and the City of Casa Grande are entitlement communities for CDBG Grants and do not receive funds from the annual CAG regional allocation. We have a variety of partnerships within our region that are on two- and three-year project funding rotations. Only the two counties and the City of Coolidge receive single annual allocations of the CDBG funds and each have ongoing rehabilitation projects using these funds.

Alternatives

The Management Committee has the following alternatives to consider in their recommendation to the Regional Council:

- Recommend approval of the item as presented;
- Recommend changes and approval of the modified item;
- Deny approval and return the item to staff for additional changes or information.

Fiscal Impacts

Minimal financial impacts with the proposed CAG staff recommendation. The CDBG program at CAG is a component of the budget and the requirements of the ADOH must be met for these funds to be continued in the region.

2016 CAG Method of Distribution (MOD) for CDBG funds

**CENTRAL ARIZONA GOVERNMENTS
COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG)
FISCAL YEAR 2016 METHOD OF DISTRIBUTION**

The following information is taken from the Arizona Department of Housing Consolidated Plan.

OVERVIEW

The total amount of CDBG funds available to the State of Arizona (Arizona Department of Housing (ADOH)) is estimated to be \$10,127,360. No program income or carryover funds are available to ADOH therefore this number is not included in the above amount. Federal Law allows ADOH to retain two percent (2% - estimated to be \$202,547) plus \$100,000 of its annual CDBG allocation for program administration. ADOH must provide a non-federal match for the two percent (2%). The match is to be documented at the same time that CDBG funds are drawn down for the State's administrative expenditures above \$100,000. The federal CDBG resources available to the state will be distributed as follows:

Program	Funding
ADOH Administration: (2% + 100,000 - Administration) 1% - Technical Assistance**	\$ 302,547 \$ 101,274
Colonia's Projects Account - 10%	\$ 1,012,736
Grantee Funds	\$ 7,730,395
Regional Account (RA) - 85%	\$ 7,404,183
State Special Projects (SSP) Account - 15%	\$ 1,306,620

*** Required match is not included in this figure. All figures are estimates.*

At least 70 percent (70%) of CDBG funds must be spent on activities that meet the low to moderate income persons (low/mod) benefit national objective. Consequently, activities justified on the basis of Slum/Blight or Urgent Need are funded on a first-notified (to ADOH), first-funded basis up to a maximum of 30 percent (30%) of CDBG funds.

Requests for administrative funds are limited to not more than eighteen percent (18%) aggregate of each applicant's total application amount (i.e. if there is more than one application, the administrative funds can be greater than 18% on projects requiring extra oversight as long as the total administrative funds for all of the community's projects combined does not exceed 18%). Requests for public service funds are limited to not more than 15 percent (15%) of the total CDBG allocation and are funded on a first-notified (to ADOH), first-funded basis.

The State will distribute any recaptured funds, de-obligated funds, disallowed costs from prior contracts, and program income (PI) not retained by grantees. These funds will be distributed as follows:

ADOH may reallocate de-obligated funds to the same community from which it was de-obligated to an existing or new contract of the same funding year based on the following criteria: 1) performance of the contract from which the funds were de-obligated; and 2) ability to commit de-obligated funds to another project that can immediately use the funds provided the new funds can be committed through a new contract or an amended contract within 60 days.

If ADOH cannot reallocate de-obligated funds according to the above criteria, the de-obligated funds will be redistributed by ADOH to the SSP.

Funds Recaptured for Non-compliance and Recaptured for Non-performance will be redistributed by ADOH to the SSP.

REGIONAL ACCOUNT

The CDBG Regional Account (RA) consists of eighty-five percent (85%) of the State of Arizona allocation from HUD after allocations to state administration, technical assistance and the Colonia Set Aside. The remaining fifteen percent (15%) makes up the State Special Projects Account. The RA is distributed on a non-competitive basis to all non-metropolitan cities, towns and counties in Arizona except the cities of Flagstaff, Prescott and Yuma. The method by which the funds are distributed is determined by the State of Arizona working in conjunction with each regional Council of Government (COG). Each COG develops a Method of Distribution (MOD) each year and forwards the MOD to ADOH for approval. The MOD determines which communities will receive funding each year and how much will be received. In some regions, communities take turns in receiving funding (forgoing funding one year for higher amounts the next year) while others distribute the funds evenly every year. At the time of application each community's CDBG application amount must equal the allocation amount. The applications are routed through the COG to ADOH. ADOH will attempt to review and fund each application submitted within 60 days of receipt. ADOH will review all applications and make the final award determinations.

To determine the amount of the CDBG funding allocated to each COGs sub-account, the State uses a formula based on population and persons in poverty. Specifically, the COG sub-accounts are determined by: 1) multiplying the percentage of the total population of each COG by 30 percent; 2) multiplying the percentage of the total poverty population of each COG by 70 percent; and 3) adding the products of the two.

The Regional Account (RA) is divided into four sub-accounts, one for each of the non-metropolitan COG areas. Regional Account allocation estimates are based upon FY2014 funding as follows:

**Central Arizona Government (CAG)
Gila and Pinal Counties estimated at \$2,118,676**

Northern Arizona Council of Government (NACOG)
Apache, Coconino, Navajo and Yavapai Counties estimated at \$1,927,483

South Eastern Arizona Government Organization (SEAGO)
Cochise, Graham, Greenlee and Santa Cruz Counties estimated at \$1,073,952

Western Arizona Council of Government (WACOG)
La Paz, Mohave and Yuma Counties estimated at \$2,284,072

ADOH will announce CDBG funding levels when HUD releases the allocation notices for both the Regional Account by COG and the State Special Projects Account by the total available for the state.

All applications are due to ADOH at 4:00 P.M. each funding year on the following dates: (if a weekend, then the first business day thereafter).

NACOG and SEAGO – June 1st / WACOG and CAG – July 1st

Each year the COG will recommend a Method of Distribution to ADOH for the communities within the respective COG region. ADOH has the final authority to determine the MOD for the state. ADOH’s final MOD will be included in the Annual Update of the Consolidated Plan, which is subject to a public participation process.

DISTRIBUTION METHODOLOGY

All distribution of State CDBG funds is to be accomplished through an entitlement system. Each MOD must contain a multi-year schedule that indicates how CDBG allocations are to be distributed such that all eligible communities within each respective COG region will receive funding. The multi-year schedule should include the funding years that each community in the region will receive funds and estimate the amount available. This will allow each community to plan its CDBG projects in advance. Deviations from rotation schedules whereby communities trade allocations is allowed but must be accomplished prior to **September 30**.

ADOH APPROVAL OF MOD

Each COG must submit its MOD to ADOH within 45 days of the Information Bulletin published by ADOH (announcing the COG’s allocation by CDBG region) along with documentation that the MOD has been approved by formal action of the Regional Council. ADOH has the final authority to approve or deny each MOD.

RECIPIENT COMMUNITY RESPONSIBILITY

While CDBG money is provided to all recipient communities on an entitlement basis, eligibility for CDBG funding depends upon the submission of a viable project application. It is the responsibility of each recipient community to submit a CDBG application with a request of funding equal to or less than the amount of the projected allocation in the MOD. If a community that is scheduled to be funded does not submit a viable and compliant application to ADOH, the allocation for that community will be re-allocated to the SSP. If the funding amounts scheduled for a community exceed funding requests included in the application, the balance will be redistributed to the SSP. Back-up applications will not be accepted.

APPLICATION ROUTING THROUGH COG

All CDBG applications must be routed through the COG for review. The COG will review each application for completeness, notify each community of their findings and assist the community with rectifying any application deficiencies. The responsibility to correct deficiencies lies with the community unless the COG is providing this service under contract to the community. COGs have no discretion to reject applications and must forward all applications to the state. Only those communities identified as eligible to receive funding in the current year MOD may submit an application, therefore, no rating or ranking or similar comparative analysis is necessary. COG costs for application review must be negotiated between the community and the COG. Each COG will establish its own application procedures (letters of intent, etc.) and submission deadline.

REDISTRIBUTION OF FUNDS

Funds will be redistributed as necessary according to the following:

Recapture is the action of removing funds from a contract due to one of the following two types of circumstances: 1) Recapture for *non-compliance*. The ADOH determines that CDBG funds were not used in compliance with the contract between ADOH and the recipient or in compliance with federal regulations; and 2) Recapture for *non-performance*. The recipient fails to perform according to the performance criteria outlined in the contract scope of work, the contract schedule, and/or the performance criteria outlined in the text of the contract with ADOH.

Recaptured funds will be returned to ADOH to be redistributed through the next State Special Projects Account competitive application round.

De-obligation is the action of removing funds from a contract due to one of the following: 1) the scope of work is completed using less CDBG funds than anticipated and leaving an unexpended balance; 2) the original allocation was a loan and the loan was paid back; 3) an activity was changed or cancelled (for reasons other than performance) resulting in excess funding; 4) program income is received that is not programmed for use.

De-obligated funds may be rolled into an existing or new contract of the same funding year from which the funds were de-obligated if they can be put under contract within 60 days and used quickly. The community must have a positive performance record to be granted this approval. If the above is not possible, the funds will return to ADOH to be redistributed through the State Special Projects Account competitive application round.

If a community that is scheduled to receive funding chooses not to participate in their scheduled Regional Account round or is somehow precluded from participating, the allocation for that community will be returned to the Regional Account from which it came and is to be re-allocated according to the respective Council of Government Method of Distribution previously approved by ADOH.

If a community that is scheduled to receive funding does not submit a feasible and/or compliant application to their Council of Government, the allocation for that community will be returned to ADOH to be distributed through the next State Special Projects Account competitive application round.

If a Council of Government submits an application to ADOH on behalf of a community that is scheduled to be funded, and that application is determined to be infeasible and/or non-compliant, the allocation for that community will be redistributed through the State Special Project (SSP) account.

ELIGIBLE ACTIVITIES

Eligible activities are referenced in the Annual Action Plan and most current CDBG Application Handbook.

ELIGIBLE APPLICANTS

The State CDBG program is available to units of local government, including cities, towns, and counties, in rural areas. For the purposes of the CDBG program, rural areas are those located outside of entitlement jurisdictions, which receive CDBG funds directly from HUD. Entitlement jurisdictions in Arizona include: all of Maricopa and Pima Counties, the cities of Flagstaff, Yuma, and Prescott and tribal lands.

URGENT NEEDS GRANT APPLICATIONS

When proposing an activity that meets the Urgent Need national objective, the applicant must document that it has no other financial resources available to meet the need. Additionally, all activities that propose to meet the Urgent Need national objective must meet community development needs that: 1) have a particular urgency; 2) pose a serious, immediate threat to the health or welfare of the community; and 3) and are of recent origin.

COLONIAS SET-ASIDE AND STATE SPECIAL PROJECTS

Colonias and State Special Projects will follow all NOFA publications for current year.

This ends the information taken from the Arizona Department of Housing Consolidated Plan as required by the Arizona Department of Housing for inclusion in the Central Arizona Association of Governments Method of Distribution.

The NOFA will provide specific instructions about the application deadline and additional requirements for submittal.

CAG NOTICE OF APPLICATION AND PARTNERING INTENT

All communities shall submit to CAG a Notice of Application and Partnering Intent (NOI) to apply for the current fiscal years funds. The Notice of Application and Partnering Intent will help direct the CAG staff to those entities that will require application assistance, and will also assist in assessing the workload and the number of entities applying for funds. It is not necessary for a community to be specific in the Notice of Application and Partnering Intent, only to state whether or not they plan on submitting an application and if they are partnering with other communities in this funding cycle. FY 2015 Regional Account Letters

of Intent and Non-Intent should be received by CAG no later than 5:00 pm on September 1, 2014 (as specified on page 6). CAG will notify all communities of the Regional Account allocation one week after the Arizona Department of Housing receives notification, in order to assist the communities in determining the nature of the activity (ies) for which they will apply.

PARTNERING

Communities have the option to switch funding years with another community (i.e. “partner-up”). If a community wishes to skip a year or is interested in receiving a double funding round, it is the responsibility of the community to “partner-up” with another community. Both communities need to understand the risk of possible increases or decreases in funding in the future before submitting a Letter of Intent. Deviations from rotation schedules whereby communities trade allocations is allowed but must be accomplished prior to **September 1st**.

When submitting a Letter of Intent (due date September 1st see above reference), communities must state whether they are submitting for a single funding round or are choosing to “partner-up.” If a community “partners-up,” they must state which community is their partner, which community will receive funding in the current fiscal year and which community has or will receive funding in the previous or next fiscal year, and that the entities understand possible changes in State policy and funding in the future. This Letter of Intent will be kept on file and will be valid for two years (i.e. a community cannot decide in their ‘off year’ that they want to apply again).

CDBG GRANT DISTRIBUTION METHODOLOGY

Viable projects that are identified as eligible to receive funding in the current year may submit an application. This Distribution Methodology is identified in the multi-year schedule (four fiscal years) as seen below and displays the estimated amount of funds to be received. The total CAG funding allocation from the FY 2015 is approximately **\$2,118,183**

FUNDING DISTRIBUTION

Each member entity is allowed to submit an Application(s). The amount any one community may receive will be determined by the amount of the Regional Account allocation to CAG divided by the number of member entities. Thus the distribution will be equally distributed amongst the participating member entities.

APPLICATION DUE DATE TO CAG

Applications are **due at the CAG Administrative Office, 1075 South Idaho Road, Suite 300, Apache Junction, Arizona 85119, no later than 5:00 p.m., Monday, June 1, 2015.**

APPLICATIONS ROUTED THROUGH CAG

All CDBG applications must be routed through CAG for review. CAG will review each application for completeness, notify each community of their findings and assist the community with rectifying any application deficiencies. The responsibility to correct deficiencies lies with the community unless CAG is providing this service under contract to the community. CAG has no discretion to reject applications and must forward all applications to the State. Only those communities identified as eligible to receive funding in the current year MOD may submit an application, therefore, no rating or ranking or similar comparative analysis is necessary. CAG's cost for an application review is **\$75.00** per hour and can be reimbursed to the community under the CDBG administrative budget.

COMPLIANCE WITH PROGRAM REQUIREMENTS

In order to achieve compliance with the Arizona Department of Housing Community Development Block Grant requirements, the CAG Method of Distribution incorporates the current CDBG Application Handbook, and all related federal overlay statutes.

ALL CITIZEN AND PUBLIC PARTICIPATION REQUIREMENTS

An activity **MUST** be discussed at a CDBG Public Hearing to be eligible for funding. Each activity **MUST** meet one of the three National Objectives and be eligible per CDBG guidelines.

All submitted Applications **MUST** follow the most current CDBG Application Handbook. For an Application to be eligible for review, it **MUST** be complete and all requirements **MUST** be included. Attachments will vary depending on the activity selected; however, Applications will include at least the following:

- Appropriate CDBG forms from the CDBG Application Handbook;
- Census/Location Maps;
- Census/Demographic Information;
- Signed Certifications;
- Public Participation documentation and proof of publication of public notices;
- All applicable Resolutions; and
- Disclosure Report

One original and one copy of each application shall be submitted to CAG prior to the deadline (5:00 p.m., June 1, 2015) in the format and order required by the CDBG Program. Each original application and copy shall be submitted in a standard, letter sized, manila colored file folder and secured by a two-hole-punched prong at the top of the application with the Form 1, Application Cover Sheet as the first page in the application. Each application shall be identified by a label attached to the folder indicating CDBG FY 2015 RA Application and shall list the entity name and project.

COMPLETENESS

CAG staff will review each Application for completeness, will clarify and assure that each activity meets one of the three National Objectives and is eligible.

ELIGIBLE ACTIVITIES

Eligible activities are referenced in the Annual Action Plan and most current CDBG Application Handbook.

ADOH LETTER OF INTENT

Beginning with Federal FY 2014 each individual community and county must submit a Letter of Intent (LOI) to ADOH regarding their projects selected for application to the Regional Account. The LOI must be received by ADOH no less than 120 days prior to the regional account application due date for the respective community or county. The LOI must include all of the following information:

- Amount of funds applied for;
- Project title;
- Project location;
- Service Area;
- Intended National Objective to be met;
- Proposed beneficiaries;
- Detailed information on who will administer all aspects of the project;
- Scope of Work; and
- Information on any additional funding sources being used for the project. Are these funds applied for? Approved? Committed by governing body?

Letter of Intent shall be made to ADOH March 2, 2015 with a copy also due to CAG (see Urgent Need or Slum and Blight Activities below).

URGENT NEED OR SLUM AND BLIGHT ACTIVITIES

While submitting a Letter of Intent to ADOH, each entity must also submit a copy to CAG to indicate whether their Application submitted will be under the Urgent Need or the Slum and Blight National Objective. Of CAG's total funding allocation, no more than thirty percent (30%) of the total shall be justified on the basis of the Urgent Need or the Slum and Blight Objective. This determination is based on a first come first serve basis. Should the proposed applications exceed the thirty percent (30%) maximum, CAG will recommend that projects be revised to reflect the National Objectives. CAG will then forward this information to ADOH. **Notice shall be made by submitting a copy of the ADOH Letter of Intent to CAG by March 2, 2015.**

When proposing an activity that meets the Urgent Need national objective, the applicant must document that it has no other financial resources available to meet the need. Additionally, all activities that propose to meet the Urgent Need national objective must meet community development needs that: 1) have a particular urgency; 2) pose a serious, immediate threat to the health or welfare of the community; and 3) and are of recent origin.

In addition, a similar threshold requirement is applicable to all Public Services Applications, whereas, ADOH must be advised in writing as to which community wishes to complete such a project, the total funds being applied for and the project description/name. Likewise, the Colonias allocation threshold is 10% and ADOH should be notified in advance if a community has been recently declared a Colonias.

HUD mandates the state expend at least ten percent (10%) of its CDBG allocation in the Colonias. All activities in a self-determined or CDBG-determined Colonia will be considered to meet this set-aside. If there are insufficient funds requested for Colonias from the RA, Colonias SSP applications will be given priority-funding consideration.

CAG REGIONAL COUNCIL

The Management Committee will recommend applications and funding levels to CAG Regional Council, who will in turn make the final funding recommendations to CDBG Program Management at the Arizona Department of Housing. CAG will utilize the CDBG Application Handbook, already incorporated into the MOD by reference, as well as the components of the MOD to ensure that award is made on an objective basis.

APPLICATION DUE DATE TO ADOH

Applications are due at the ADOH office, 1110 West Washington Street, Suite 310, Phoenix, Arizona 85007, no later than 4:00 p.m., Tuesday, July 1, 2015. CAG will be responsible for submitting all applications to ADOH.

THRESHOLD REVIEW

All Applications submitted to ADOH are subject to a Threshold Review. All applications must pass a five-point application review. First, costs must be necessary and reasonable. Second, the project must be ready to start. Third, the project's final result must demonstrate a "benefit." Fourth, the recipient must have the capacity to complete the project in a timely manner and adhere to all regulations, and finally, the project must comply with federal overlay statutes. Further information is provided in the ADOH Application Handbook Section 3.

CDBG TAAP BILLING

CAG staff will provide application technical assistance and advisory services to member entities during the Regional Account application process. Entities funded through the Regional Account application process will be billed by CAG for the number of hours of direct and indirect Technical Assistance for Application Preparation (TAAP) at an hourly rate of **\$75.00**. Entities participating in the CDBG Regional Account process are to budget funds for payment of TAAP fees. These budgeted funds may be from CDBG funds or from other resources.

METHOD OF DISTRIBUTION APPROVAL

This CAG MOD will be approved by the Central Arizona Governments Management Committee and the CAG Regional Council in September 2014.

RE: Transportation Planning Update

DATE: March 8, 2018

Summary

Updated information will be presented by staff regarding current transportation planning activities for the CAG Region including the following:

5310 Mobility Management Grant Application

- CAG successfully submitted its application for 5310 Transit grant funds to fund the Mobility Management position for the CAG and Sun Corridor MPO Regions. Awarded grants are expected to be posted on ADOT’s website in early May 2018.

Call for Surface Transportation Block Grant Program Projects (STBGP)

- During the February 8, 2018 Transportation Technical Advisory Committee (TTAC) meeting, a Call for projects was announced to program approximately \$2.15 million that is available over several years at the end of the CAG FY18-28 TIP. Applications are due to CAG by April 12, 2018 and we expect to seek final approval by Regional Council in June 2018.

Greater Gila County Transit Feasibility & Implementation Study

- Currently working on Phase II: Implementation Plan
- Expecting to present the final draft of the Feasibility Report and Implementation Plan to the specific Councils of the agencies that primarily benefit from the findings in April 2018. The Study is anticipated to be completed by late spring/early summer of 2018.

Renaissance Festival/US 60 Roadway Improvements

- During the November 15, 2017 Regional Council Meeting, ADOT presented US 60 roadway improvements in the vicinity of the Renaissance Festival. Regional Council requested ADOT to communicate to the operators of the Festival to see if they could open the parking lot 2-hours prior to the opening of the Festival gates rather than the current 1-hour.
- ADOT has provided confirmation that the Renaissance Festival has taken the advice and is now allowing parking 2-hours prior to the gates opening for the Festival.

Fiscal Impacts

A successful 5310 Grant Award would increase the CAG Transportation Department Budget by \$100,000 or the awarded amount. CAG's Local Match for the new grant amount of \$100,000 would be \$25,000 which is collected through the In-Kind contributions of the member agencies' attendance to CAG related meetings. No direct cash match is anticipated.
