VI. EXECUTIVE DIRECTOR'S REPORT

Ms. Andrea Robles updated the Committee on recent CAG activities and meetings. She thanked members for their flexibility in rescheduling meetings after a semi-truck backed into the CAG building, requiring repairs. Ms. Robles reported attending several council and board meetings, as well as public hearings, for Gila County, Payson, Kearny, Superior, and Winkelman. She and CAG staff also attended several ADOT listening tours throughout the region.

Ms. Robles stated that a CAG 101 presentation was provided to the Town of San Tan Valley, whose Council adopted a resolution on August 5 to join CAG. She also reported attending the League of Cities and Towns Conference and the Rural Housing Forum.

Ms. Robles noted that CAG is updating its Comprehensive Economic Development Strategy (CEDS), with an update on that process scheduled for later in the agenda. She added that staff will attend the upcoming Roads and Streets Conference and Rural Transportation Summit. Questions, comments, and discussion followed. This was an information item.

VII. NEW BUSINESS

A. CAG 5-Year Comprehensive Economic Development Strategy (CEDS)

Ms. Evelyn Casuga, Arizona Town Hall, provided an overview of the development of CAG's updated five-year Comprehensive Economic Development Strategy (CEDS). She stated that the first draft had been distributed to the CEDS Committee. Ms. Casuga explained that the strengths, weaknesses, opportunities, and threats (SWOT) analysis was revised to reflect conditions across both counties and align with the plan's focus areas. She noted that the plan provides an opportunity to collectively assess regional opportunities and needs and should serve as a resource to strengthen applications for EDA and other grant funding.

Ms. Peggy Fiandaca explained that the revisions establish a more direct connection between the SWOT analysis and the document's strategic focus areas and strategies. She stated that the planning process considered potential projects over the next five years to ensure that the goals and objectives provide a framework with which those projects can align.

Ms. Fiandaca requested feedback on whether the focus areas are broad enough to accommodate anticipated projects and whether the goals are sufficiently targeted to guide those efforts. She noted that the strategic plan has been strengthened and that regional data has been moved to the appendices to emphasize the SWOT analysis and strategic framework. Questions, comments, and discussion followed. This was an information item.

B. Financial Report

Ms. Yvonne Tackett presented the financial report through July 2026. She stated that, with approximately 8% of the fiscal year completed, CAG had total expenditures of \$68,533 and total new revenues of \$314,661, primarily from membership dues and RTAC assessments. Ms. Tackett also presented preliminary year-end figures for FY 2026. She reported that expenditures totaled 86.61% of the budget and revenues totaled 85.63% of the budget, resulting in a net surplus of \$34,732. Questions, comments, and discussion followed. Mr. Robert Aldous, City of Casa Grande, made a motion to approve and pass to Regional Council the finance report as presented. Mr. Alexis Rivera, Town of Miami, seconded the motion. The motion passed unanimously.

C. ADOT MPO Audit Report

Ms. Yvonne Tackett reported that the ADOT audit has been completed after several years. She explained that the original audit period covered July 2021 through June 2023; however, a cyberattack prevented CAG from providing electronic records for that period. The audit scope was subsequently revised to cover activities from July 1, 2024, through June 30, 2025.

Ms. Tackett outlined four primary findings: a lack of electronic records; an unallowable vehicle allowance for the Executive Director totaling \$5,655.00; unallowable promotional outreach items totaling \$757.03; and overhead costs in the CAG budget that were not allocated according to proportional benefits, as required by 2 CFR 200.405(d). She noted that CAG has used the same budgeting approach for more than 25 years. ADOT requested that CAG revise its budget methodology to base allocations more closely on full-time employees. Ms. Tackett stated that these revisions have been completed and would be reviewed under the next agenda item.

Ms. Tackett reported that ADOT is requesting a payment of \$3,552.03, with the remaining \$2,860 to be withheld from upcoming reimbursements for the final quarter of the year. Ms. Andrea Robles, Executive Director, stated that most of CAG's audit findings were similar to those received by other MPOs and COGs. She explained that COG and MPO directors are coordinating with ADOT staff to arrange training to address these common findings and prevent their recurrence in future audits. Questions, comments, and discussion followed. Mr. Alexis Rivera, Town of Miami, made a motion to approve and pass to Regional Council the ADOT Audit Report and payment to ADOT as presented. Mr. Gilbert Lopez, City of Coolidge, seconded the motion. The motion passed unanimously.

D. CAG FY 2027 Budget

Ms. Yvonne Tackett stated that, as previously discussed, CAG has revised the budget format to address ADOT's request. She explained that the FY 2027 Budget Summary consolidates the detailed information provided on the following pages, with departments or funding streams listed across the top and line items listed along the left side. Non-personnel costs are divided into shared expenses and expenses charged directly to specific funding streams, such as consultant fees.

Ms. Tackett provided a brief overview of operating expenses and benefits. She stated that CAG anticipates a ten percent increase in medical coverage costs and a five percent increase in each of the additional coverages. The budget also includes a three percent cost-of-living adjustment effective October 1, contingent upon receipt of all anticipated grant funds.

Ms. Tackett explained that the salary costs worksheet has been revised to incorporate full-time equivalents (FTEs) in response to ADOT's request. The same methodology was applied to fringe benefit costs. She stated that these revisions should address ADOT's audit finding regarding cost allocation. Questions, comments, and discussion followed. Mr. Alexis Rivera, Town of Miami, made a motion to approve and pass to Regional Council the CAG FY 2027 Budget as presented. Ms. Sheila DeSchaaf, Town of Payson, seconded the motion. The motion passed unanimously.

E. San Tan Valley as a new CAG Member

Ms. Andrea Robles informed the Committee that the Town of San Tan Valley adopted a resolution seeking membership in CAG in accordance with the CAG Bylaws on August 5, 2026. She introduced Mr. Brent Billingsly, Town Manager for San Tan Valley, who was in attendance.

Mr. Billingsly stated that the Town Council and staff are excited to join the regional organization and look forward to collaborating and contributing to its efforts. He noted that the Town has appointed representatives to various CAG committees and has been participating in the CEDS process. He expressed appreciation for the opportunity to participate.

Ms. Robles stated that the membership request will also be presented to the Regional Council and that San Tan Valley's Vice Mayor will attend the meeting. Questions, comments, and discussion followed. Mr. Rob Wisler, City of Apache Junction, made a motion to approve and pass to Regional Council San Tan Valley as a new CAG Member as presented. Mr. Alexis Rivera, Town of Miami, seconded the motion. The motion passed unanimously.

F. Waive Membership Dues/RTAC Assessments for the Town of San Tan Valley for remainder of FY 2027

Ms. Andrea Robles stated that, during the January Regional Council meeting, members discussed waiving membership fees for San Tan Valley for its first year. Supervisor Jeff Serdy led the discussion, and members agreed that a first-year exemption would help welcome San Tan Valley into the region. Ms. Robles stated that, in preparation for FY 2028, she would like to convene a group of Management Committee members, Regional Council members, and potentially finance staff to evaluate how CAG member dues are calculated. Questions, comments, and discussion followed. Mr. Alexis Rivera, Town of Miami, made a motion to approve and pass to Regional Council waiving membership dues and RTAC assessments for the Town of San Tan Valley for the remainder of FY 2027. Mr. Rob Wisler, City of Apache Junction, seconded the motion. The motion passed unanimously.

G. CAG FY 2026 – FY 2030 Transportation Improvement Program (TIP)

Mr. Steve Abraham presented several administrative and formal amendments to the FY 2026–FY 2030 Transportation Improvement Program (TIP). He explained that the amendments reflect two grant cycles, a project initiation cycle, and year-end financial activities.

Mr. Abraham highlighted several projects, including a National Park Service Transportation Alternatives grant for the design and scoping of a multi-use trail tunnel beneath SR 87 to connect to the larger Arizona Trail. He reported that the Forest Drive project in Payson had been scaled back to a technical scoping phase, which is underway. The Granite Dells Road project in Payson received a Transportation Alternatives grant to construct two trailheads serving the Tonto National Forest. He also noted that CAG will procure, sponsor, and manage pavement assessment studies for the City of Globe and the Town of Kearny. Additionally, a sidewalk project on BIA 170 within the San Carlos Apache Tribe is being initiated to improve pedestrian safety.

Questions, comments, and discussion followed. Ms. Sheila DeSchaaf, Town of Payson, made a motion to approve and pass to Regional Council the amendments to the CAG FY 2026–FY 2030 Transportation Improvement Program (TIP) as presented. Mr. Alexis Rivera, Town of Miami, seconded the motion. The motion passed unanimously.

H. CAG FY 2028 RTAC Projects

Mr. Steve Abraham explained that the Rural Transportation Advisory Committee (RTAC) brings together COGs, MPOs, towns, and cities to advocate for state legislative funding for selected transportation projects across Greater Arizona. He stated that funding is primarily sought through General Fund surpluses or special assessments, with projects proposed for inclusion in the Governor's line-item funding requests. This will be the third year of the effort, with approximately \$23.5 million requested for projects.

Mr. Abraham noted that the proposed projects represent communities throughout the CAG region. He thanked the City of Globe for deferring its bridge project to allow Gila County, Kearny, and Superior to submit projects this year. He explained that CAG is responsible for preparing project sheets, presenting the projects at the Rural Transportation Summit, and working with legislators to advance the funding requests.

Questions, comments, and discussion followed. Mr. Gilbert Lopez, City of Coolidge, made a motion to approve and pass to Regional Council the CAG FY 2028 RTAC projects as presented. Mr. Rob Aldous, City of Casa Grande, seconded the motion. The motion passed unanimously.

I. Appointment of Member at Large to the CAG Regional Council Executive Committee

Ms. Andrea Robles informed the Committee that this is a Regional Council agenda item to address the vacant member-at-large position on the Executive Committee. She stated that the Regional Council will be asked to appoint a member to fill the vacancy. Ms. Robles explained that the position is typically filled by a representative from the opposite county of the Regional Council Chair which is currently held by City of Globe Mayor Gameros. Questions, comments, and discussion followed. This was an information item.

VIII. INFORMATION ITEMS

A. Department Updates

Community Development Block Grant (CDBG)

Ms. Angela Gotto informed the Committee that the City of Globe's Skate Park Project and the Town of Payson's ADA Main Street Improvements Project have been completed. Staff will begin the closeout process for both projects. She also reported that the Town of Kearny is accepting proposals for engineering services for its solar installation project at the wastewater treatment plant. Ms. Gotto stated that the Town of Miami has received its FY 2025 contract award, and the Town of Star Valley and City of Apache Junction are expected to receive theirs in the coming weeks. She added that staff is completing applications and environmental reviews for FY 2026 CDBG funding. Questions, comments, and discussion followed. This was an information item.

Planning Department

Ms. Angela Gotto informed the Committee that staff has been reviewing and tabulating residential completion and demolition data for submission to the State Demographer to support development of the July 1, 2026, annual population estimates. Staff also submitted annexation data as part of this reporting cycle. She stated that CAG staff worked with member agency staff to review and comment on population projections for July 1, 2026, through June 30, 2060. The comments were reviewed with the State Demographer, who indicated that two projects in the City of Globe would not be included because construction had not yet begun. Those projects will be reconsidered when the projections are updated in five years.

Ms. Gotto also reported that CAG is providing Davis-Bacon Labor Standards monitoring for nine active WIFA projects, along with project management services for the Town of Kearny and the Tri-City Regional Sanitary District. Questions, comments, and discussion followed. This was an information item.

Transportation Planning

Mr. Steve Abraham informed the Committee that the six-year transportation planning process has begun. He explained that this annual process takes place during the fourth quarter to plan future transportation improvement projects within the CAG Region. Mr. Abraham highlighted two key issues from the kickoff. First, based on known surpluses and anticipated cost increases for several projects in the Transportation Improvement Program (TIP), CAG staff recommended to the Transportation Technical Advisory Committee (TTAC) that no call for projects be conducted this year. He stated that funding for new projects is not expected to be available until 2029, with those projects anticipated to enter the TIP on January 1, 2030. Based on recent grant applications and project initiation efforts, a substantial construction project can require approximately three to four years of CAG's funding allocation. He noted that CAG's allocation increased by \$22,000—the first increase in several years—but the resulting \$496,000 provides limited funding beyond studies and smaller projects.

Mr. Abraham stated that CAG has reached a critical funding threshold and anticipates needing an ongoing work program supplement of \$20,000 to \$25,000. He explained that ADOT funding for the work program has remained unchanged for at least 20 years and has not kept pace with inflation. The six-year TIP planning process will account for known expenses and prioritize maintaining sufficient funding to advance existing projects.

Mr. Abraham also reported that the upcoming traffic count season will include counts throughout the region and at designated growth sites. He noted that costs have increased since the previous contract and recommended approaching the next TIP cycle cautiously until future project costs are better understood. Questions, comments, and discussion followed. This was an information item.

Water Quality Planning

Mr. Steve Abraham stated that there were limited updates regarding water quality. He noted upcoming regulatory efforts, including a required ADEQ internal analysis of its Section 208 water quality planning process, which he believes must be completed by the end of next year. He stated that the analysis may result in additional items for consideration.

Mr. Abraham also highlighted a purple pipe project in the City of Casa Grande to distribute reclaimed water to city-owned properties. He also noted that improvements are underway at the Town of Kearny's wastewater treatment facility. Questions, comments, and discussion followed. This was an information item.

IX. CALL TO THE COMMITTEE

The members present provided updates on their communities.

Subject: Updates to Policies and Procedures

Recommended Motion

Move to approve the updates to the CAG Policies and Procedures as presented.

Summary Discussion

The recent ADOT audit included a review of CAG’s policies and procedures. Direction was given by the auditor to update and/or add to these existing policies and procedures to bring us into compliance with ADOT audit requirements.

Additional verbiage was added to the “Bank Account Debit Card Payments” (Page 6) to indicate that the Executive Director’s use of the agency Debit Card follows the purchasing limits set forth in the Procurement Policy, and the “Payroll Processing Procedures” clarifies that no secondary approval is required on the Executive Director’s time/travel sheet (Page 8) of the “Finance Procedures”.

Other updates were made to the “Authorizations & Purchasing/Contracts Limits” chart (Page 5) section of the “Procurement Policies and Procedures” document to state that the use of the agency Debit Card by the Executive Director to purchase routine office supplies, travel accommodations and conference registrations does not require a requisition and is subject to the micro-purchase dollar amount limitation.

Date: June 2016 / Updated 03/26
Subject: Invoicing/Accounts Receivable – Grants/Contracts Procedure

Purpose

The intent of this procedure is to promote the timely and accurate recording of the agency's grant-related accounts receivable.

Goals and Objectives

The primary goals and objectives of this procedure are as follows:

1. To ensure that all grant-related activities are invoiced accurately and promptly after the task is performed.
2. To detect billing and posting errors and omissions on a timely basis, and to resolve them in an effective and efficient manner.
3. To provide timely and accurate accounts receivable information to senior management, the CAG Executive Director and grantors.
4. To maximize the agency's cash flow by billing grantors in a timely fashion.
5. To bill all grantors based on the terms of the grant agreement.

Invoices/Requests for Payment

The following procedures are designed to accomplish the stated goals and objectives:

1. By the 15th of each month (or the 15th of the month after the quarter end for quarterly grants) the Finance Department staff will summarize the expenses for the preceding month or quarter by fund number. Depending on the terms of the grant, the expenses may be determined either on a cash or accrual basis. Fee for service contracts are billed according to the billing timeline stated in the contract.
2. The Department Head shall prepare grant billings for review by the Finance Director and/or Executive Director. After the grant/contract billings are reviewed, the Department Head shall request an invoice from the Finance Department Designee who then enters the invoice information in the Receivables log. A copy of the invoice will be forwarded to the Department Head for inclusion in the billing request

to the grantor. Invoices shall be emailed or delivered to grantors according to the requirements of each grant. (Some granting agencies require their own invoice form to be used when billing. CAG still creates an invoice to maintain consistency in tracking receivables and maintaining grant files)

3. When invoices are created, a journal entry to credit the Revenue account and debit the Receivable Account will be created by the Finance Department Designee and entered in Caselle.
4. Payments received by mail will be opened, time stamped and receipted in daily by the Finance Department Designee. Two copies of the check will be made and distributed as follows: (1) attached to a copy of the invoice and copy of the receipt for backup to a CR journal entry, and (2) attached to a copy of the invoice and a copy of the receipt to be filed in the grant folder. The actual check shall be given to the Executive Director or Finance Director for deposit at CAG's bank.
5. Payments received via ACH will be confirmed by a printout from CAG's bank, notification on the GAO Vendor Payment Search website, if applicable, and receipted in by the Finance Department Designee. A CR journal entry will be prepared and entered in Caselle. CR journal entries should debit Cash and credit the Receivable Account.
6. An aging of the grant accounts receivable shall be reviewed to ensure that the receivables are being collected in full and in a timely manner. The Finance Department staff shall promptly contact any grantor with grant receivables outstanding more than 45 days. Past due, open receivable amounts will be reported to Management and Regional Council as part of the Finance report presented by the Finance Director at the next regularly scheduled committee and council meeting.
7. Grantor payments received are to be applied daily to open accounts receivable by the Finance Department staff. All unidentified grantor payments or payment differences shall be immediately researched and resolved by the Finance Department staff. Any payment related to an unidentified grantor payment or difference shall be deposited into the CAG deposit bank account while the matter is being resolved. Refunds will be posted against the line item where the expense was charged, if in the same fiscal year. If the refund is for a past year's expense, the refund will be posted in Miscellaneous Revenue.
8. The write-off of **all** uncollected accounts receivable requires the **written approval of the Executive Director**. Any uncollected accounts receivable outstanding for more than 360 days shall be reviewed and a determination made regarding the likelihood of collecting the funds.

Subject: Payroll Processing Procedure

Purpose

The purpose of this procedure is to guide the Finance Department staff with the processing of the bi-weekly employee payroll and the handling of related fringe benefit deductions.

Goals and Objectives

The primary goals and objectives of the procedure are as follows:

1. To accurately prepare the bi-weekly employee payroll.
2. To make available pay stub information to employees on or before the predetermined pay dates.
3. To make all payroll-related fringe benefit payments in a timely manner.
4. To address all employee payroll-related inquiries within one business day.
5. To promote effective communications between the departments and Finance Department staffs regarding payroll and benefits matters.
6. To ensure that payroll and related fringe benefit payments are recorded in the general ledger.

Procedures

1. New hire information will be entered and an employee profile will be set up in PAYCHEX using the PAF and new hire required paperwork including job title, pay rate, tax elections, health-related employee benefit elections, deductions and employer share of benefits to be posted. An employee file folder will be created and used to store the employee's documents in the finance department. *(Payroll and the related fringe benefit deduction information for employees, under the terms of the CAG personnel policies, is the primary responsibility of the CAG Human Resources staff.)*
2. Updates and changes to all staff profiles require a form to be filled out by the employee, or via a PAF issued by the Executive Director, and updates will be performed in PAYCHEX by the Finance Director. After updating the profile, a copy of the form will be placed in the employee's file folder in the finance department.
3. Each employee completes a timesheet at the end of each pay period, noting the allocation of their time amongst the appropriate funds, and electronically sends it to the Executive Director for review and approval. A separate "Claim for Reimbursement of Employee Expenses" form must

be completed by the employee, with supporting documentation for travel or other expenses. Upon approval by the Executive Director, the timesheet and claim for reimbursement is printed, signed and forwarded to the Finance Department Designee for entry into PAYCHEX.

Note: There is no secondary approval required for the Executive Director's timesheet/travel.

4. The Finance Department Designee creates a Biweekly Payroll Summary sheet. Time and reimbursement amounts are entered in PAYCHEX and a Pre-processing Payroll Journal is printed through PAYCHEX. A review of the payroll journal is completed by the Finance Director, comparing total hours from the biweekly summary sheet to the journal. The payroll journal is reviewed for claim for reimbursement amounts, benefit amounts posted as employer memos, and employee withholdings/deductions.
5. After the pre-processing payroll journal information is reviewed and approved, the Finance Department Designee shall electronically submit the payroll information immediately to PAYCHEX for processing. An email is received when the payroll processing by PAYCHEX is complete. Once completed, additional reports are available in PAYCHEX. The employee pay stubs are then available online.
6. The payroll reports are forwarded to the Finance Director for review and then filed in the monthly payroll file with the timesheets/travel forms & backup. Any differences or problems shall be brought promptly to the attention of the Finance Director and the payroll processor and resolved. The resolution of all differences must be documented in writing and included in the applicable pay date file.
7. After payroll processing is complete, the Finance Department Designee prepares a payroll journal entry using the timesheets as a guide to the allocations of time. Benefit amounts for each employee are entered from the PAYCHEX payroll journal and calculated by percentage, according to the time spent in each fund. Totals should match the last page of the payroll journal from PAYCHEX. The journal entry is then entered into Caselle. A copy of the payroll journal and cash requirements report are attached to the journal entry and placed in the journal entry file.
8. PAYCHEX remits all Federal, State and local taxes, Workers Comp, and garnishments on behalf of CAG. These items are listed on the cash requirements report from PAYCHEX and included on the payroll journal entry described above.
9. The Finance Department Designee prepares the 457 EE Pretax payments (Nationwide), HSA contributions, and ASRS retirement contributions and remits them electronically. The Finance Director prints confirmation of these items as they clear CAG's bank and forwards the confirmation to the Finance Department Designee who prepares and enters a CD journal entry for each.
10. **Calendar Year End – W-2's** PAYCHEX prepares and issues the employee W-2's to the Finance Department staff for distribution to the CAG employees. The Finance Department staff is responsible for providing the payroll processor with the taxable portion of items such as: the personal use of company automobile, preferential life insurance, moving expenses, graduate tuition, etc. The Finance Department staff is responsible for ensuring the accuracy of the W-2 information and should perform a review of the W-2's before distributing them to the employees.

11. The W-2's are distributed annually by the Finance Department staff to all employees by the due date established by the Federal government (***typically January 31 of each year***). Any undistributed employee W-2's are mailed to the last known address of the employee. All W-2's returned by the U.S. Postal Service are forwarded to the Human Resources staff for verification of the address. If a W-2 remains undeliverable after this attempt the Human Resources staff will file the W-2 in the employee's personnel file. W-2's are also made available to employees online.

Procurement Policies & Procedures

Approval Date: _____
By: **CENTRAL ARIZONA GOVERNMENTS**
REGIONAL COUNCIL

Approval Date: _____
By: **CENTRAL ARIZONA GOVERNMENTS**
MANAGEMENT COMMITTEE

OVERVIEW

Central Arizona Governments (CAG) expects the practice of ethical, responsible, and reasonable procedures related to purchasing, agreements and contracts, and related forms of commitment. The policies and procedures within this document describe the principles and procedures that all staff shall adhere to in the completion of their designated responsibilities.

The goal of these procurement policies is to ensure that materials and services are obtained in an effective manner and in compliance with the provisions of applicable Federal and State statutes and grant requirements.

Specific approval limits based on purchase price shall be followed independently for each specific program in accordance with the contract or award requirements. CAG has established limits for required authorization and approval of purchases/contracts in this policy fashioned after those Methods of Procurement to be followed listed in the 2 CFR 200. If stricter requirements are specifically named in an award/contract, the stricter guidelines will be applied.

RESPONSIBILITY FOR PURCHASING

The Department Manager or designee(s) shall have the authority to request purchases on behalf of CAG to meet the needs of the department, and/or to fulfill requirements of grants and awards, including Federal, State and local funding. The Department Manager or designee(s) shall be responsible for initiating and processing purchases within the guidelines described here. The Department Manager or designee(s) shall complete a Payment/Purchase Request form with as much information as possible. The CAG Finance Manager or designee shall make the determination on any proposed purchases where budgetary or other conditions may result in denial and, the Executive Director has final approval authority over all purchases and contractual commitments.

CODE OF CONDUCT IN PURCHASING – (2 CFR PART 200.318(c)(1))

Ethical conduct in managing CAG's purchasing activities is absolutely essential. Staff must always be mindful that they represent the Regional Council and share a professional trust with other staff and the general membership.

- Staff shall discourage the offer of, and decline, individual gifts or gratuities of value in any way that might influence the purchase of supplies, equipment, and/or services.
- Staff shall notify their immediate supervisor if they are offered such gifts.
- No Officer, Regional Council Member, Employee, or Agent shall participate in the selection or administration of a contractor if a real or apparent conflict of interest would be involved. Such a conflict would arise if an Officer, Regional Council Member, Employee or Agent, or any member of his or her immediate family, his or her spouse or partner, or an organization that employs or is about to employ any of the parties indicated herein, has a financial or other interest in the vendor selected.
- Officers, Regional Council Members, Employees, and Agents shall neither solicit nor accept gratuities, favors, or anything of monetary value from vendors or parties to sub-agreements.
- Unsolicited gifts with a value of \$25 or less may be accepted with approval of the Executive Director

COMPETITION – (2 CFR PART 200.319)

In order to promote open and full competition, purchasers will:

- Be alert to any internal potential conflicts of interest.
- Be alert to any noncompetitive practices among contractors that may restrict, eliminate or restrain trade.
- Not permit contractors who develop specifications, requirements, or proposals to bid on such procurements.
- Award contracts to bidders whose product or service is most advantageous in terms of price, quality, and other factors.
- Issue solicitations that clearly set forth all requirements to be evaluated.
- Reserve the right to reject any and all bids when it is CAG's best interest.
- Not give preference to State or Local geographical areas unless such preference is mandated by Federal statute (200.319(b)).

Purchasers may use "name brand or equivalent" description as a means to define the performance or requirements (200.319(c)(1)).

NONDISCRIMINATION POLICY

All contractors who are the recipients of CAG funds or who propose to perform any work or furnish any goods under agreements with CAG, in any program or activity that receives Federal funds or other Federal assistance, shall agree and adhere to CAG's Title VI Non-Discrimination Program Implementation Plan.

PROCUREMENT PROCEDURES: FOUNDATION

1. CAG shall avoid purchasing items that are not necessary or duplicative for the performance of the activities required by a Federal award (2 CFR Part 200.318(d)).
2. Where appropriate, an analysis shall be made of lease and purchase alternatives to determine which would be the most economical and practical procurement for the Federal government (2 CFR Part 200.318(d)). This analysis should only be made when both lease and purchase alternatives are available to the program.
3. When appropriate, CAG will enter into state and local inter-governmental or inter-entity agreements for procurement and use of common or shared goods and services (2 CFR Part 200.318(e)).
4. When feasible and appropriate CAG will use Federal excess and surplus property in lieu of purchasing new equipment and property whenever such use is feasible and reduces project costs (2 CFR Part 200.318(f)).
5. Documentation of the cost and price analysis associated with each procurement decision in excess of the simplified acquisition threshold (\$150,000) shall be retained in the procurement files pertaining to each Federal award (2 CFR Part 200.323).

6. All pre-qualified lists of persons, firms or products which are used in acquiring goods and services must be current and include enough qualified sources to ensure maximum open and full competition (*2 CFR Part 200.319(d)*).
7. CAG will maintain records sufficient to detail the history of procurement based on table in Authorization and Purchasing Limits section on the next page (*2 CFR Part 200.318(i)*) including:
 - a. Rationale for the method of procurement;
 - b. Selection of contract type;
 - c. Contractor selection or rejection; and
 - d. The basis for the contract price.
8. CAG shall make all procurement files available for inspection upon request by a Federal awarding agency.
9. CAG shall not utilize the cost-plus-a-percentage-of-costs method of contracting (*2 CFR Part 200.323(d)*), where not allowed by funding source.

All staff members with the authority to approve purchases will receive a copy of and be familiar with 2 CFR Part 200.400 – 475, Cost Principles.

PROCUREMENT PROCEDURES: CAG PRACTICE

Procurement procedures are necessary to a sound management system. CAG purchasing involves three major components: requisitioning, ordering, and receiving. Contracting or subcontracting requires added evaluation, negotiation and timing requirements.

Special attention is drawn to the necessity for all procurement to be made in a manner that:

1. Promotes full and open competition;
2. Meets CAG's Standard of Conduct;
3. Provides documentation for minority and women-owned businesses;
4. Reflects positive efforts to utilize small businesses and Labor Surplus Area Firms; and
5. Provides documentation for micro-purchase, small purchase procedure, sealed bid, and competitive and noncompetitive proposal selection (*2 CFR Part 200.320*).

All purchases will be made in accordance with 2 CFR Part 200.

PURCHASING PRACTICE: OVERVIEW

A CAG Purchase Request Form is to be completed and submitted to the Finance Department with the required authorized signatures within a timely manner. If approval is obtained, the person that requisitioned is notified of such approval. In most instances the Purchaser orders the goods, receives the goods and then submits the invoice and receiving documentation back to the Finance Department. At times, collective requisitions will be ordered by some designated staff to avoid duplication and take advantage of bulk pricing. The invoice, any documentation on quotes, any receiving papers, and the approved copy of the purchase request are all forwarded to the Finance Department for payment.

AUTHORIZATIONS & PURCHASING/CONTRACT LIMITS

All purchases must be reviewed and approved by the Department and Finance Managers prior to being submitted to the Executive Director. The Executive Director is authorized to enter into contract on behalf of CAG up to \$150,000. All contracts must be reviewed and approved by the Department and Finance Managers prior to being submitted to the Executive Director for approval. These policies also apply to renewals of existing contracts. The following table lists required approval levels and solicitation/documentation requirements based on the purchase/contract amounts. ***Exception to this chart includes micro-purchases for items such as routine supplies, travel accommodations and conference registrations made by the Executive Director using the agency debit card. APPROVED CONTRACTORS

CAG may, at least once every three (3) years, develop lists of approved contractors that can be used throughout the year. CAG Department managers are encouraged to work with the CAG Finance Department to identify agency wide purchasing/contract needs. The process to identify an approved contractor is as follows:

1. Develop a list of similar, commonly-purchased items that can be acquired from a single contractor if applicable.
2. Get cost estimates for the list in total, not for each item, and to include potential shipping costs, if applicable.
3. Obtain three (3) quotes (See table under Authorization and Purchasing/Contract limits).
4. Compare quotes.
5. Contracts shall be awarded to the responsible bidder whose proposal is most advantageous to the program, with price and other factors considered.

This process should be repeated annually. All contractors will be reevaluated June 1, with the approved list being produced by June 30. Contractors may be added throughout the year.

USE OF PURCHASE REQUEST

A properly completed purchase request shall be required for each purchase decision (i.e., total amount of goods and services purchased, not unit cost) in excess of a predetermined amount, with the exception of travel advances, routine travel expenses and expense reimbursements, which require the preparation of a separate form authorized by CAG. A properly completed purchase request shall contain the following information, at minimum:

1. Specifications or statement of services required
2. Vendor/Contractor name, address, point of contact and phone number
3. Source of funding (if applicable)
4. Delivery or performance schedules
5. Delivery, packing, and transportation requirements
6. Special conditions (if applicable)
7. Catalog number, page number, etc. (if applicable)
8. Net price per unit, less discount, if any
9. Total amount of order
10. Authorized Signature
11. Date purchase request prepared

REQUIRED SOLICITATION OF QUOTATIONS FROM CONTRACTORS

Solicitations for goods and services (IFBs or RFPs) should provide for all of the following:

1. A clear and accurate description of the technical requirements for the material, product, or service to be procured. Descriptions shall not contain features which unduly restrict competition (*2 CFR Part 200.319(c)(1)*).
2. Requirements which the bidder/offeror must fulfill and all other factors to be used in evaluating bids or proposals (See the next section entitled "Evaluation of Alternative Contractors" for required criteria) (*2CFR Part 200.319(c)(2)*).
3. Technical requirements in terms of functions to be performed or performance required including the range of acceptable characteristics or minimum acceptable standards (*2 CFR Part 200.319(c)(1)*).
4. The specific features of "brand name or equal" descriptions that bidders are required to meet when appropriate (*2 CFR Part 200.319(c)(1)*).
5. A description of the format, if any in which proposals must be submitted including the name of the persons to whom proposals should be sent.
6. The date by which proposals are due.
7. Required delivery or performance dates/schedules.
8. Clear indications of the quantity(ies) requested and unit(s) of measure.
9. Proof of required licenses, insurance, and bonding of each contractor.

EXTENSION OF DUE DATES & RECEIPT OF LATE PROPOSALS

Solicitations should provide for sufficient time to permit the preparation and submission of offers before the specified due date. However, an extension may be granted if a prospective offeror so requests.

Contractor proposals are considered late if received after the due date and time specified in the solicitation. Late proposals shall be so marked on the outside of the unopened envelope or cover, in the procurement folder. Contractors that submit late proposals shall be sent a letter notifying them that their proposal was late and could not be considered for award.

EVALUATION OF ALTERNATIVE CONTRACTORS

Contractors shall be evaluated on a weighted scale that considers some or all of the following criteria as appropriate for the purchase:

- Adequacy of the proposed methodology
- Skill and experience of key personnel
- Demonstrated experience
- Other technical specifications designated by the department requesting proposals
- Compliance with administrative requirements of the request for proposal (format, due date, etc.)
- Contractor's financial stability
- Contractor's demonstrated commitment to the nonprofit sector

- Results of communications with references supplied by vendor
- Ability/commitment to meeting time deadlines
- Cost
- Minority- or women-owned business status of vendor
- Other criteria (to be specified by the department requesting proposal)

Not all of the preceding criteria may apply in each purchasing scenario. However, CAG shall establish the relative importance of the appropriate criteria prior to requesting proposals and shall evaluate each proposal on the basis of the criteria and weighting that have been determined.

After a contractor has been selected and approved by Selection Committee, the final selection shall be approved by others according to CAG's purchasing approval policies.

AFFIRMATIVE CONSIDERATION OF MINORITY, SMALL BUSINESS, WOMEN-OWNED BUSINESSES, & LABOR SURPLUS AREA FIRMS – (2 CFR PART 200.321).

Positive efforts shall be made by CAG to utilize small businesses, minority-owned firms, women's business enterprises, and labor surplus area firms whenever possible. Therefore, the following steps shall be taken:

1. Ensure that small business, minority-owned firms, women's business enterprises, and labor surplus area firms are used to the fullest extent practicable (2 CFR Part 200.321).
2. Make information on forthcoming opportunities available and arrange time frames for purchases and contracts to encourage and facilitate participation by small businesses, minority-owned firms, women's business enterprises and labor surplus area firms (2 CFR Part 200.321(b)(4)).
3. Consider in the contract process whether firms competing for larger contracts tend to subcontract with small businesses, minority-owned firms, and women's business enterprises (2 CFR Part 200.321(b)(6)).
4. Encourage contracting with consortiums of small businesses, minority-owned firms, women's business enterprises, and labor surplus area firms when a contract is too large for one of these firms to handle individually (2 CFR Part 200.321(b)(3)).
5. Use the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Department of Commerce's Minority Business Development Agency in the minority-owned firms and women's business enterprises (2 CFR Part 200.321(b)(5)).

AVAILABILITY OF PROCUREMENT RECORDS – (2 CFR PART 200.324(b))

CAG shall, on request, make available for the Federal awarding agency, pre-award review and procurement documents, such as requests for proposals, when any of the following conditions apply:

- The process does not comply with the CAG procurement standards in 2 CFR Part 200 (2 CFR Part 200.324(b)(1)).
- The procurement is expected to exceed the Federally-defined simplified acquisition threshold (\$150,000) and is to be awarded without competition or only one bid is received (2 CFR Part 200.324(b)(2)).
- The procurement exceeds the simplified acquisition threshold and specifies a “name brand” product (2 CFR Part 200.324(b)(3)).
- The proposed award exceeds the federally-defined simplified acquisition threshold and is to be awarded to other than the apparent low bidder under a sealed-bid procurement (2 CFR Part 200.324(b)(4)).
- A proposed contract modification changes the scope of a contract or increases the contract by more than the amount of the Federally-defined simplified acquisition threshold (2 CFR Part 200.324(b)(5)).
